E A S T E R L I L I E S

These particular Easter Lily plants are shipped pot bound, out of 3" and 4" pots. They have such a wonderful root system that it is important that you immediately transplant them, on arrival, to 5" and 6" pots.

These plants are available from December 1st on.

Frankly, we have been working on this idea for many years, and we have been improving it right along. Only occasionally do we have trouble and we can tell you that we have scores of letters from florists, indicating how happy they are with this way of growing Lilies. In a word, they are pot grown, but grown out-doors -- cool grown -- which makes a stronger and better plant.

When we ship the plants they are from 5 to 8 inches tall above the pot, and by the way, they are all shipped in paper pots, to make the express charges lower. You can grow these cool, and make them for Easter.

Please do send your order in early.

3" pot size plants - per 100 \$24
